

10th COLOMBIAN CONGRESS OF NUCLEAR MEDICINE

Second Announcement:

You are most welcome to participate in the 10th Colombian Congress of Nuclear Medicine, scheduled to be held at Bucaramanga, Colombia, from November 4 to 6, 2005.

Bucaramanga is a beautiful city close to Bogotá (30 minutes by plane), located at 1000 meters above sea level. The venue of the congress will be "Palonegro", South of the city, 15 minutes by road from downtown and 30 minutes from the airport. It is a paradise resort with several sporting facilities: golf field, swimming pools, tennis and a hotel with comfortable rooms and auditoria where all the lectures, scientific sessions and business meetings will be held.

The main economic activity of the area is trading in footwear and garments. Their gastronomy is recognized by the delicious variety of meat and the typical corn bread called: "arepa".
